

About this Course

Due to the increasing number of motor vehicle accidents attributed to cell phone and other electronic device use while driving, governments are taking steps to address these hazards. In 2010, The British Columbia government introduced new legislation to regulate the use of electronic device use while on the road. This course will help you understand these new laws.

The average student will require approximately 10 minutes to complete both the course and quiz. Upon successful completion of the course, the candidate will be awarded a downloadable and printable certificate for their employment records.

Course Outline

- New BC Government Legislation for 2010
- Permitted Use while Driving
- Answering & Making Calls
- Securing Phones in Vehicles
- Mastery Quiz (80% to pass)
