

About this Course

Under OSHA regulations, every person who works with, or in proximity to, hazardous materials is required to complete training in HazCom. This course covers the fundamentals of HazCom, and is updated to include current revisions that are designed to align it with GHS standards.

The average student will require 30 to 45 minutes to complete this training, and is awarded with a downloadable and printable certificate of training.

Course Outline

- Course Overview
- About HazCom
- Understanding Hazards
